Developer

Resume

Summary:

Enthusiastic and dedicated web developer with comprehensive training from a Coding Boot Camp, encompassing three distinct phases—Foundation, Technical, and Performance. Experienced in building client-side and full-stack web applications while leveraging cutting-edge tools and technologies. Eager to contribute a solid foundation in web development, a knack for creative problem-solving, and a passion for continuous learning to a dynamic development team.

Education:

Coding Boot Camp, UCF BootCamp. - Gained proficiency in web development through intensive coursework and hands-on projects. - Developed skills in both front-end and back-end technologies, working collaboratively in Agile environments. - Successfully completed three comprehensive projects, including a dynamic single-page application using the MERN stack.

Skills:

- Front-End Development:
 - HTML/CSS
 - JavaScript
 - Bootstrap
 - jQuery
 - DOM Manipulation
 - APIs and AJAX
 - JSON
- Back-End Development:
 - Node.js
 - Express.js
 - Object-oriented programming (OOP)
 - MySQL and Sequelize
 - MVC architecture
 - RESTful APIs
 - Testing and Debugging
- Full-Stack Development:
 - MERN Stack (MongoDB, Express, React, Node)
 - NoSQL databases

- Progressive Web Apps (PWAs)
- Computer Science Fundamentals
- Agile Development Methodology

Projects:

Project 1: Client-Side Application - Utilized HTML, CSS, and JavaScript to build a responsive client-side application. - Integrated third-party APIs to enhance application functionality. - Demonstrated effective teamwork and communication within an Agile development environment.

Project 2: Full-Stack Web Application - Engineered a full-stack web application using Node.js, Express, and MySQL. - Implemented MVC architecture and Sequelize ORM for efficient data management. - Collaborated with team members to meet project milestones and deadlines.

Project 3: Dynamic Single-Page Application (MERN Stack) - Designed and developed a dynamic single-page application using the MERN stack. - Created a seamless user experience by implementing NoSQL databases and RESTful APIs. - Presented the final project with a compelling demonstration and storytelling approach.

Personal Traits:

- Curious and Quick Learner
- Detail-Oriented
- Strong Analytical Skills
- Adaptability and Flexibility
- Passionate about Problem-Solving
- Effective Communicator
